TERMS OF SALE

1. This is a public auction sale conducted by licensed and bonded auctioneers.
2. **A 10% BUYER'S CHARGE will be added to the "hammer price" of each lot as determined by the auctioneer.** This **10% BUYER'S FEE** will be added to the invoice of each successful bidder regardless of a bidder's affiliation with any group or organization, bidding by mail or in person. Bidders must pay all Postage and Insurance charges.
3. We cannot be responsible for any errors in bidding. Please make certain you bid on the correct lot. When bidding for items in the sale, the bidder whether bidding in person, by mail, or by agent, agrees to abide by all the terms of sale. The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the lot in question shall be immediately put up and sold again.
4. **MAIL YOUR BID SHEET EARLY.** These bids will be treated as your maximum bid for each lot. In general, we start the bidding on each lot at a small advance over the next highest bid, thereby attempting to purchase the lot as reasonably as possible for you. When identical mail bids are received by the auctioneer, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid, and a floor bidder must bid higher than the highest mail bid to be awarded any lot. The auctioneer reserves the right to refuse ridiculously low bids which he, in his sole discretion, feels are not made in good faith. The auctioneer reserves the right to open the lot at a reasonable price, to set bidding increments as he, in his sole discretion, shall determine, and to withdraw any lot at any time. Estimates given are for the general guidance of the bidder.
5. The auctioneer and cataloguer, Stack's, reserves the right to include its own material in any auction sale.
6. Auction sales are not approval sales. In the event of non-payment by the buyer, STACK'S expressly reserves the right to refuse to deliver the lots, and in addition, STACK'S reserves any and all rights that it would be entitled to under the uniform commercial code, including buyer's consent to file a financing statement without need of buyer's signature. Floor bidders are encouraged to carefully examine all lots on which they are interested in bidding since, except for reasons of non-authenticity, NO LOTS PURCHASED BY FLOOR BUYERS MAY BE RETURNED, including those lots where the floor buyer is acting as agent for another, or those lots sold to mail bidders who have examined the lots. No lots will be delivered at the sale. All items offered in this catalogue are guaranteed to be genuine and correctly attributed. Claims to the contrary must be made within seven (7) days after receipt of the material.
7. No lot may be returned for any reason whatsoever without the prior written consent of STACK'S, or without its original container. Grading is a subjective description in the opinion of the cataloguer as to the state of preservation of a particular coin or lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition. Such terms are the opinion of the cataloguer and shall be deemed to be part of the description, and not an attribution. No warranty, whether expressed or implied, including a warranty of merchantability, is made with respect to such adjectival descriptions, which can and do vary among experts.
8. No lots will be put up out of their numerical order. Coins, medals, etc. are sold so much per LOT, no lots will be broken up.
9. Unknown bidders must establish credit references or submit a deposit of 25% of their bids. By bidding in this sale, even if for a corporation or another individual, a bidder personally guarantees prompt payment. We cannot accept bids from minors. By bidding in this sale, the bidder acknowledges that the purchase is not a consumer credit transaction. **TITLE REMAINS WITH STACK'S UNTIL PAID FOR IN FULL.** It is the buyer's responsibility and obligation to have the lots fully insured while in his possession. Risk of loss is on the buyer.
10. Auction sales are strictly for cash and must be paid for promptly in U. S. funds. All bidders personally guarantee prompt payment. Checks are acceptable with proper identification. On any accounts past due, STACK'S reserves the right to extend credit and impose periodic charges as stated on the invoice or statement.
11. All lots delivered in New York State are subject to applicable Sales Tax.
12. Except for any claim or controversy arising out of non-payment (which, at the exclusive option of the seller or auctioneer may be referred to arbitration), any claim or controversy arising out of this sale shall be settled exclusively by binding arbitration under the rules of the Professional Numismatists Guild, Inc., then in effect. By bidding in this sale you agree to be bound by the arbitration provisions of the Professional Numismatists Guild. In all cases, the maximum liability of STACK'S for any item sold shall be limited to the official price of record of the item at this sale.

UNITED STATES GOLD COINS

U. S. PATTERN GOLD DOLLARS

RARE 1836 PATTERN GOLD DOLLAR

Lot No. 1

1 **1836** Judd 67. Radiated Liberty cap with LIBERTY on the band. Reverse: 1 D. encircled by a palm branch; inscription around, date below. **Gold.** Plain edge. **Choice Brilliant Proof,** cloudy toning, a few minuscule hairlines. A splendid example of this superbly designed pattern. *(SEE COLOR PLATE)*

VERY RARE 1852 PATTERN GOLD DOLLAR

Lot No. 2

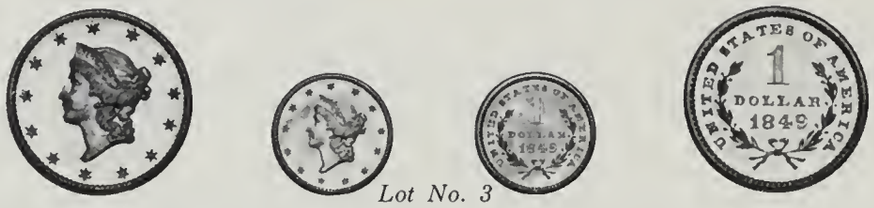
2 **1852** J.145. The unusual perforated design. Inscription around, date below, with an ornamental scrollwork design about the perforation. Reverse: DOLLAR, wreath below. **Gold.** Plain edge. **Choice Brilliant Proof.** A virtual gem. *(SEE COLOR PLATE)*

U. S. GOLD DOLLARS

Liberty With Coronet. Small Planchet

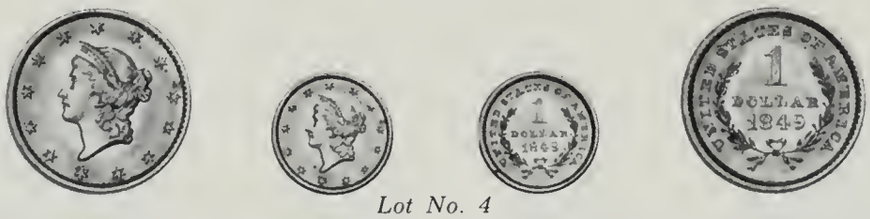
1849 - 1854

VERY RARE 1849 PROOF GOLD DOLLAR



Lot No. 3

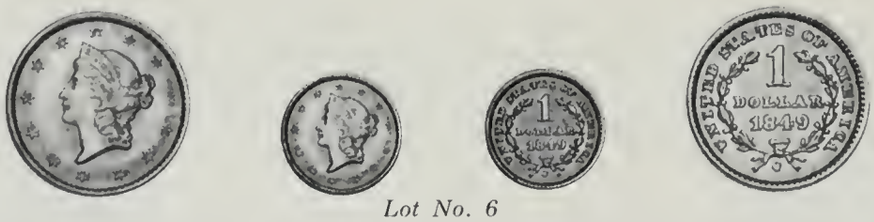
3 **1849** Open wreath. Small head, no 'L'. The two stars below the bust, as well as the star at three o'clock decidedly recut. Perfect dies. **Gem Brilliant Proof.** Deep concave fields and unquestionably different from the next lot (same variety). An exceptional coin with a square, sharp edge and a two-tone appearance. A great rarity from any point of view. *(SEE COLOR PLATE)*



Lot No. 4

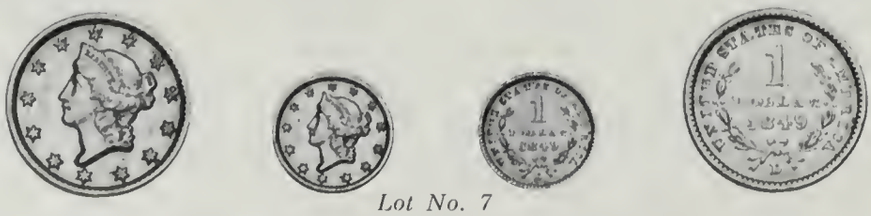
4 **1849** Open wreath. Small head, no 'L'. Same recutting on the stars, but this with a massive break on the reverse from the rim through the E in UNITED, across the coin to the first A in AMERICA, to the rim beyond. A very rare die state. **Choice Brilliant Uncirculated,** full frosty lustre. Edges rounded and the field is flat. The difference in appearance between this lot and the preceding is really dramatic.

5 **1849** Closed wreath. The thick date. About Uncirculated, the reverse with a couple of edge cuts.



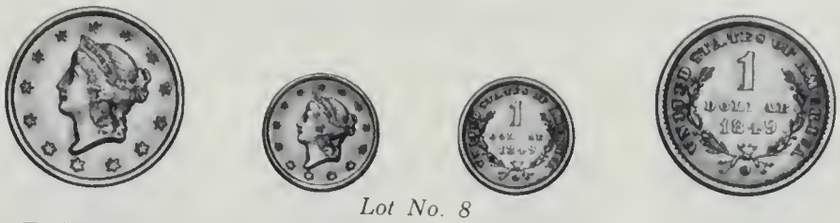
Lot No. 6

6 **1849'C'** Closed wreath. **Extremely Fine** or perhaps better (all specimens have a convex obverse which accentuates wear). The reverse is that of nearly a Mint State coin. Superb orange and iridescent toning. The second rarest collectible 'C' Mint gold dollar.



Lot No. 7

7 **1849'D'** Extremely Fine. The obverse decidedly stronger than the reverse. Light coppery toning.

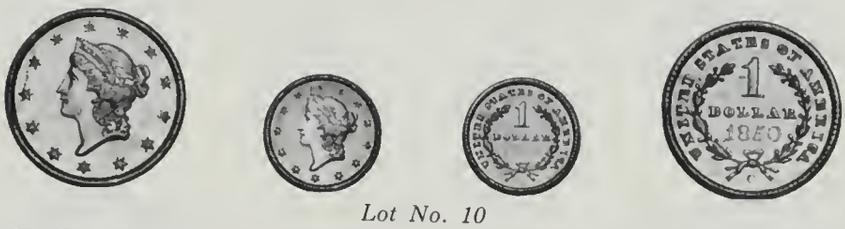


Lot No. 8

8 **1849'O' Brilliant Uncirculated,** frosty and satiny. A lovely little coin, very nearly in the choice category.

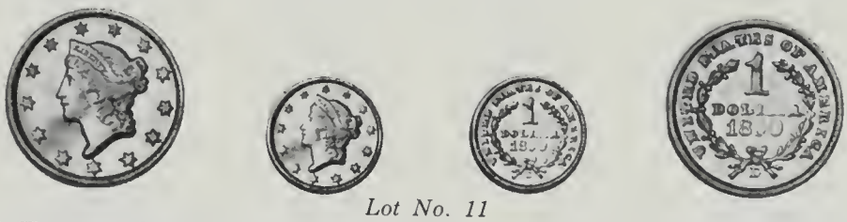
9 **1850** About Uncirculated, lustrous. Light russet toning.

EXCEPTIONAL 1850'C' GOLD DOLLAR



Lot No. 10

10 **1850'C' Brilliant Uncirculated and wholly prooflike.** A needle-sharp strike, with a few small hairlike scratches on the obverse which are totally outweighed by the overall appearance of the coin. ***This is the rarest collectible 'C' Mint gold dollar.*** In fact, there were only 13 examples in this condition sold by all of the auction houses from 1972 to 1984.

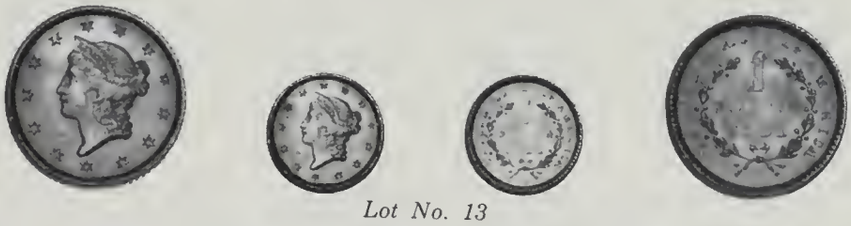


Lot No. 11

11 **1850'D'** Extremely Fine and lustrous. Some clever tooling before the neck, the reverse is splendid. **Rare.**

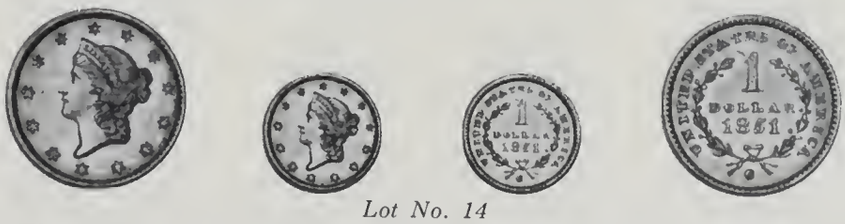
12 **1850'O'** Extremely Fine and choice. Very scarce.

GEM 1851 GOLD DOLLAR



Lot No. 13

13 **1851 Gem Brilliant Uncirculated.** A pristine example with "dusty" pink and russet toning. The coin is "as struck."



Lot No. 14

14 **1851'C'** The variety with the recut mintmark. **Choice Brilliant Uncirculated** and a needle-sharp strike. Delicate coppery toning. "Common," but not in this condition.

15 **1851'C'** Another example. The mintmark not recut. Extremely Fine, some prooflike surface. Delicate coppery toning.

MINT STATE 1851'D' GOLD DOLLAR

Lot No. 16

16 **1851'D' Brilliant Uncirculated.** A splendid impression with some prooflike surface. Rich orange-russet toning. While not in a class with the Montgomery Gem (Stack's Auction '84), it is still a beauty and seldom offered this nice.

17 **1851'O' Brilliant Uncirculated,** frosty mint lustre. Decidedly underrated as are all 'O' Mint gold dollars.

GEM 1852 GOLD DOLLAR

Lot No. 18

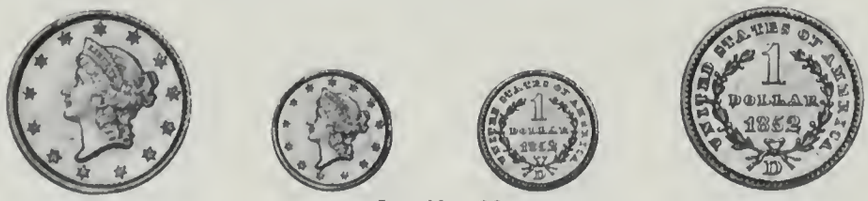
18 **1852 Gem Brilliant Uncirculated.** A pristine example exhibiting the same coloration as the 1851 above. This, too, is "as struck."

MINT STATE 1852'C' GOLD DOLLAR

Lot No. 19

19 **1852'C' Brilliant Uncirculated** and **choice** despite it being struck on the typically rough planchets so common to this mint. A lovely coin, fully lustrous, with a hint of a prooflike surface. Only 14 offered in this condition in 13 years of auction sales.

RARE 1852'D' GOLD DOLLAR



Lot No. 20

20 **1852'D'** Struck from severely clashed dies. **About Uncirculated.** The clashing obscures the obverse surface to a degree because from the reverse appearance, the coin really looks Mint State. A very rare coin in any case as there was only one Mint State coin and ten About Uncirculated specimens offered in the past 13 years. A twin to the Montgomery coin at $3,200.00.

21 **1852'O' Brilliant Uncirculated,** deep russet-coppery toning.

GEM 1853 GOLD DOLLAR

Lot No. 22

22 **1853 Gem Brilliant Uncirculated.** With the same "dusty" toning as the 1851 and 1852 above. This, too, is "as struck."

Lot No. 23

23 **1853'C'** A most difficult coin to describe because of planchets and striking technique of the Charlotte Mint. The obverse looks Very Fine-Extremely Fine, but the reverse looks nearly Mint State.

Lot No. 24

24 **1853'D' About Uncirculated and choice.** Sharply struck and fully lustrous. Akers states, *"Typically weakly struck, particularly on the hair of Liberty."* This specimen is unusually well struck, showing most of the hair strands. Lovely and **rare** with only 14 appearances at auction in this condition.

GEM 1853'O' GOLD DOLLAR

Lot No. 25

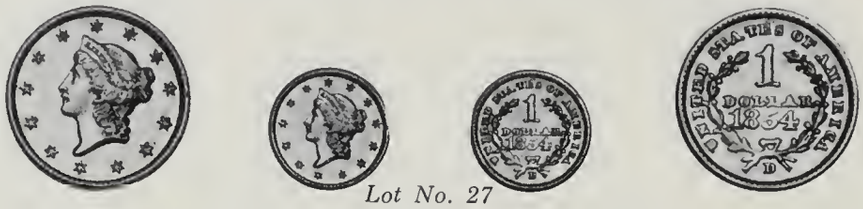
25 **1853'O' Gem Brilliant Uncirculated,** full blazing mint lustre, delicate iridescent peripheral toning. A **very rare** coin in this condition despite its large mintage.

GEM 1854 TYPE I GOLD DOLLAR

Lot No. 26

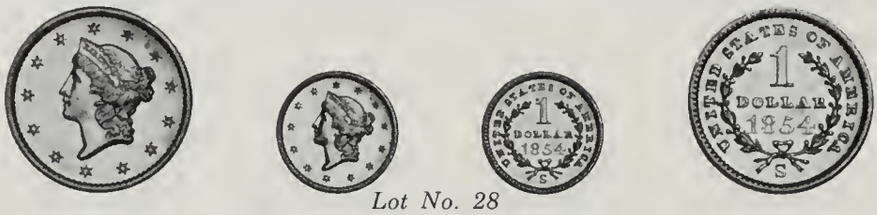
26 **1854 Type I. Gem Brilliant Uncirculated** (despite a planchet defect which obliterates the I in UNITED). This, too, has a similar appearance to the 1851, 1852, and 1853 in this sale. It is probable that these all came from the Baltimore Find.

VERY RARE 1854'D' GOLD DOLLAR



Lot No. 27

27 **1854'D' About Uncirculated** and a splendid example even though from clashed dies. Comparable to the Montgomery coin as $5,500.00.



Lot No. 28

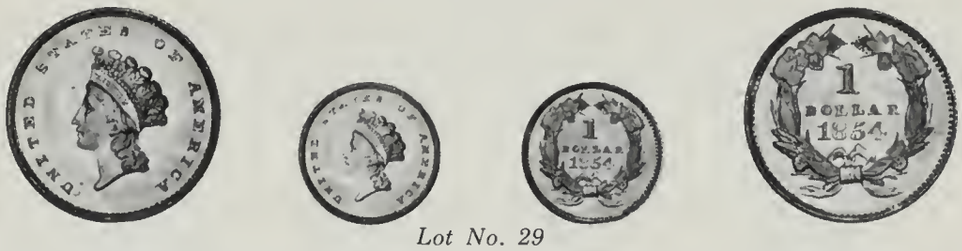
28 **1854'S' About Uncirculated and choice.** Just a hairsbreadth from Mint State. Frosty lustre, pale russet toning. An important and **rare** type.

Small Liberty Head with Feather Headdress

Large Planchet

1854 - 1856

GEM 1854 TYPE II GOLD DOLLAR



Lot No. 29

29 **1854 Type II. Gem Brilliant Uncirculated.** A pristine specimen, probably without its equal. Although we do not subscribe to the "numbering system," in order to help those who do, we will grade this incredible coin Mint State-70. The coin is exactly as it left the dies 130 years ago. Conservatively estimated at $25,000.00. *(SEE COLOR PLATE)*

GEM 1855 GOLD DOLLAR

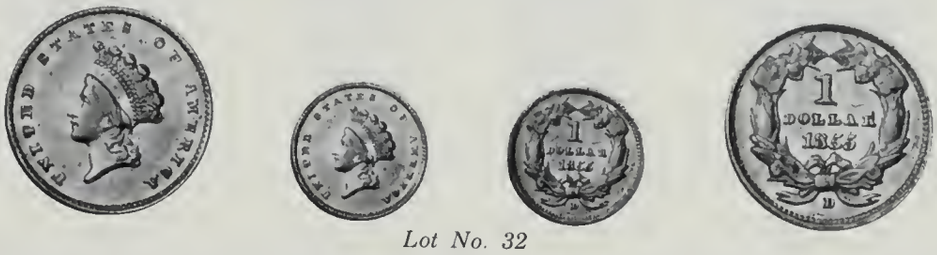
Lot No. 30

30 **1855 Gem Brilliant Uncirculated.** A pristine example and a twin to the preceding. The 8 of date is softly struck, as are most (or all). A tiny bagmark on the cheek. The coin is "as struck" and worth nearly as much as the preceding. *(SEE COLOR PLATE)*

Lot No. 31

31 **1855'C' About Uncirculated,** but the central portion with weak definition, causing weakness on the head, the 8 of date, and LL in DOLLAR. The reverse with virtually full mint frost. A **rare** coin with only 8 appearances at auction in 13 years.

EXTREMELY RARE 1855'D' GOLD DOLLAR

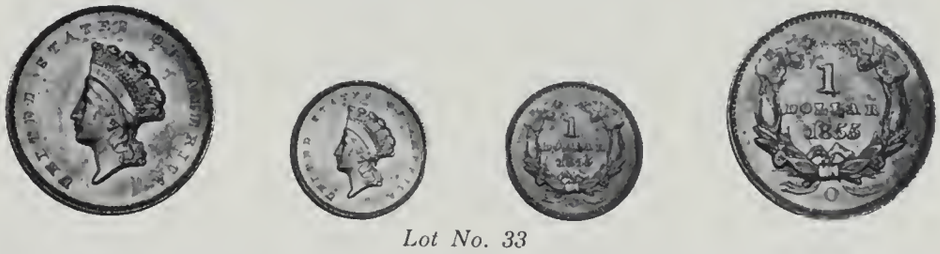


Lot No. 32

32 **1855'D'** The only Dahlonega Type II gold dollar. **About Uncirculated** and a magnificent specimen. As we wrote when cataloguing the Montgomery sale in 1984, *"One of the most incredible strikes this cataloguer has seen in over 35 years of cataloging for auction sales."*

This example is a twin to the Montgomery coin. It is **fully** struck on the reverse from the date and DOLLAR to even the kernels on the wreath ends. The obverse is nearly as sharp but suffered more from the die clashing. The Montgomery example realized $9,500.00. ***(SEE COLOR PLATE)***

MAGNIFICENT 1855'O' GOLD DOLLAR



Lot No. 33

33 **1855'O' Choice Brilliant Uncirculated. A borderline gem** in greenish yellow gold with a coppery tint. A needle-sharp strike but for the 8 of date, which is most often the case. Virtually unobtainable this nice and no doubt in the Condition Census. ***(SEE COLOR PLATE)***

Lot No. 34

34 **1856'S'** The variety with the double punched mintmark. **About Uncirculated** and an attractive example of this scarce date. Lovely coppery orange toning over slightly prooflike surfaces.

Large Liberty Head with Feather Headdress
Large Planchet
1856 - 1889

35 **1856** Upright 5. **About Uncirculated,** full frosty lustre, delicate toning. Really rare in this condition.

GEM 1856 GOLD DOLLAR

Lot No. 36

36 **1856** Slanting 5. Struck from clashed dies. **Gem Brilliant Uncirculated.** A pristine example with the faintest toning. The coin is "as struck."

PROBABLY THE FINEST KNOWN
1856'D' GOLD DOLLAR

Lot No. 37

37 **1856'D' Brilliant Uncirculated.** Wholly prooflike, with faint hairlines magnified by the surface, some frosty lustre. The obverse is fully struck, with the U in UNITED weak (a hallmark of authenticity). The reverse is also fully struck, with only the 8 of date a **trifle** weak. Like the 1855'D', the kernels are fully in evidence.

Without question, ***a major rarity.*** This is the first Mint State example offered at auction since our Charles Jay specimen in 1967, and is a better example because the Jay coin had an obverse planchet defect. ***One of the highlights of this collection. (SEE COLOR PLATE)***

GEM 1857 GOLD DOLLAR

Lot No. 38

38 **1857 Gem Brilliant Uncirculated.** The coin is "as struck." Nothing more need be said about it.

Lot No. 39

39 **1857'C'** Extremely Fine. Struck on an atypical planchet of the period as overall it is rather free from defects. Pale coppery orange toning.

VERY RARE 1857'D' GOLD DOLLAR

Lot No. 40

40 **1857'D' About Uncirculated,** mostly frosty, slightly prooflike. Rather well struck with most of the devices sharp. One of the most underrated coins of the entire series, especially so in this condition as evidenced by only 22 appearances at auction.

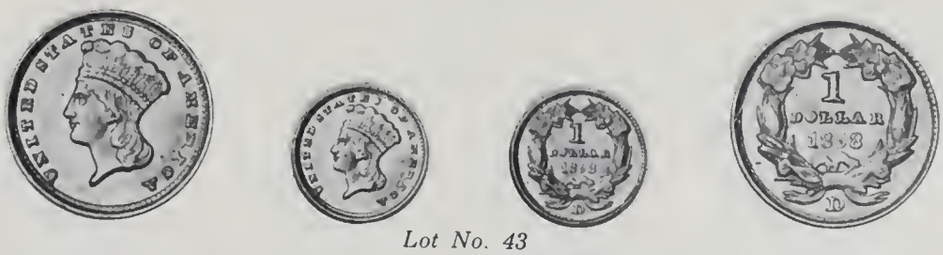
41 **1857'S'** Extremely Fine, lightly polished. Iridescent toning.

GEM 1858 GOLD DOLLAR

Lot No. 42

42 **1858 Gem Brilliant Uncirculated.** A pristine example "as struck." The coin is **perfect.**

RARE 1858'D' GOLD DOLLAR



Lot No. 43

43 **1858'D' About Uncirculated and choice.** Frosty lustre with pale coppery russet toning. The coin is sharply struck obverse and reverse. Definitely a superior specimen.

RARE MINT STATE 1858'S' GOLD DOLLAR

Lot No. 44

44 **1858'S' Brilliant Uncirculated.** The obverse prooflike with light hairlines, the reverse is frosty and nearly gem. Light coppery toning. **Rare,** only 11 appearances at auction.

RARE 1859 PROOF GOLD DOLLAR

Lot No. 45

45 **1859 Brilliant Proof.** Amount struck unknown, but Breen's research indicates that probably not more than 15 survive. A **choice** specimen with cloudy russet toning. A two-tone, needle-sharp example of this rarity. ***(SEE COLOR PLATE)***

GEM MINT STATE 1859 GOLD DOLLAR

Lot No. 46

46 **1859 Gem Brilliant Uncirculated.** A pristine example with blazing lustre. This, too, is "as struck."

Lot No. 47

47 **1859'C'** Extremely Fine, prooflike surface in the devices. Bluntly struck but the central portion is rather decent. **Rare.**

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

Lot No. 48

48 **1859'D'** Extremely Fine, sharply struck. Some pinpoint nicks, but really quite an acceptable example of the date.

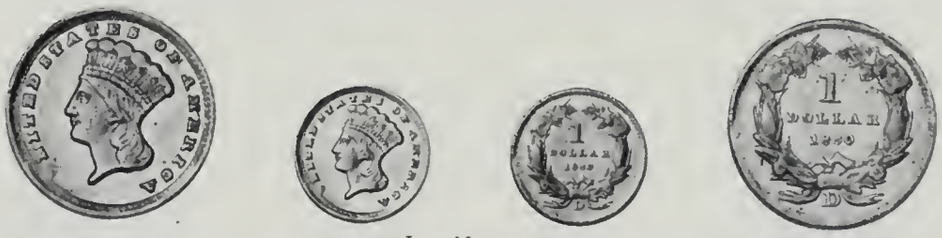
49 **1859'S'** Extremely Fine but cleaned.

RARE 1860 PROOF GOLD DOLLAR

Lot No. 50

50 **1860 Brilliant Proof.** *154 specimens struck.* A **gem** specimen with a few microscopic chips **as made.** Fully two-tone and well struck, with pale toning.

VERY RARE 1860'D' GOLD DOLLAR



Lot No. 51

51 **1860'D' About Uncirculated.** A lustrous example with some prooflike surface. The central portion, as well as the lettering and wreath, surprisingly well struck. The U in UNITED quite naturally is weak. The rims are unevenly struck, as are all. This weakness is due to the quality of the dies, not softness of strike. A very rare coin in a nice state of preservation. *(SEE COLOR PLATE)*

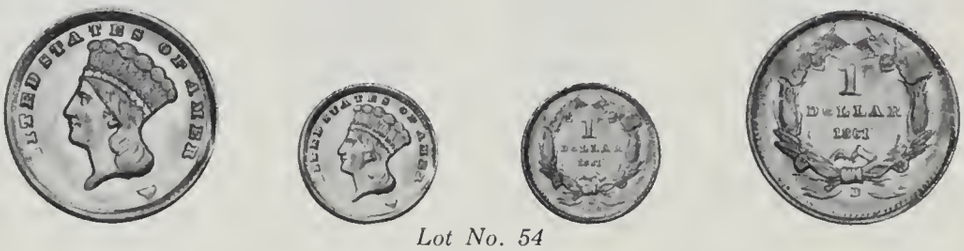
52 **1860'S' About Uncirculated and choice,** virtually Mint State. Splendid coppery toning over mint frost. Very scarce.

RARE 1861 PROOF GOLD DOLLAR

Lot No. 53

53 **1861 Brilliant Proof.** *349 specimens struck.* A **choice** example, virtually in the gem category. Pale, natural cloudy toning over deep yellow gold. Most of the Proofs struck in 1861 were melted in 1862.

MINT STATE 1861'D' GOLD DOLLAR

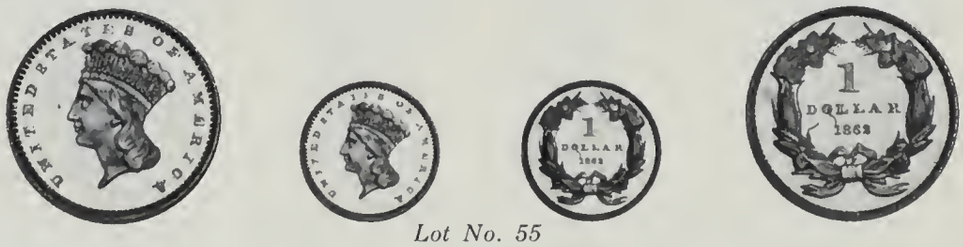


Lot No. 54

54 **1861'D'** The last year of coins at the Dahlonega Mint. Apparently all were struck under the aegis of the Confederacy. No more than 1,500 were coined and of that figure roughly **two dozen** are extant in all conditions. The only coin that supercedes this in rarity is the 1849'C' Open Wreath; clearly, the 1861'D' is the **rarest** collectible coin of the series.

This specimen is **Choice Brilliant Uncirculated,** full blazing mint lustre with pale russet toning. The central and upper portions very sharp, the lower obverse weak; the reverse overall is splendid. Nearly in a class with the Montgomery coin. Easily worth $25,000.00 or so. *(SEE COLOR PLATE)*

RARE 1862 PROOF GOLD DOLLAR



Lot No. 55

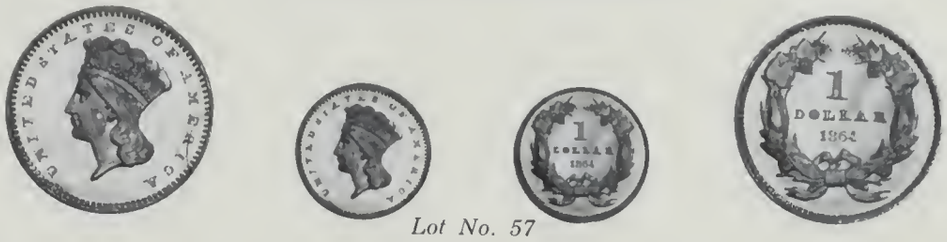
55 **1862 Brilliant Proof.** *35 specimens struck.* A **gem** specimen in deep yellow gold. Fully two-tone with pale, natural cloudy toning. Light orange overtones. Perhaps half exist in all states of preservation. This beauty certainly ranks as one of the five best.

VERY RARE 1863 PROOF GOLD DOLLAR

Lot No. 56

56 **1863 Brilliant Proof.** *50 specimens struck.* A **gem** specimen in deep yellow gold. Two-tone appearance with russet and natural cloudy toning. A great rarity, both as a Proof as well as the date. *(SEE COLOR PLATE)*

GEM 1864 GOLD DOLLAR



Lot No. 57

57 **1864 Gem Brilliant Uncirculated,** and quite likely the "Finest Known" as this is the **only** example this cataloguer has ever seen with a full, sharp date (most are missing all of part of the 8). The coin is pristine and "as struck." *(SEE COLOR PLATE)*

GEM 1865 GOLD DOLLAR

Lot No. 58

58 **1865 Gem Brilliant Uncirculated.** Full blazing lustre and sharply struck although from clashed dies. A microscopic planchet flake between LL in DOLLAR. Rare and beautiful.

GEM 1866 GOLD DOLLAR

Lot No. 59

59 **1866 Gem Brilliant Uncirculated.** A pristine, wholly prooflike example, virtually indistinguishable from a Proof. Lovely pale, cloudy russet toning. This certainly has great credentials for the "Finest Known."

GEM 1867 GOLD DOLLAR

Lot No. 60

Lot No. 67

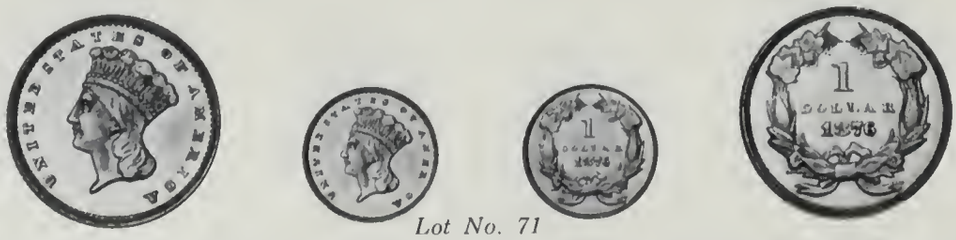
69 **1874** The variety with only the L in LIBERTY visible. **Gem Brilliant Uncirculated,** full blazing mint frost. Pink gold.

EXTREMELY RARE
1875 PROOF GOLD DOLLAR

Lot No. 70

70 **1875 Brilliant Proof.** *20 specimens struck.* **A choice example, virtually in the gem category.** Deep yellow gold with natural cloudy toning (a true indicator that the coin was not cleaned). Delicate russet toning.

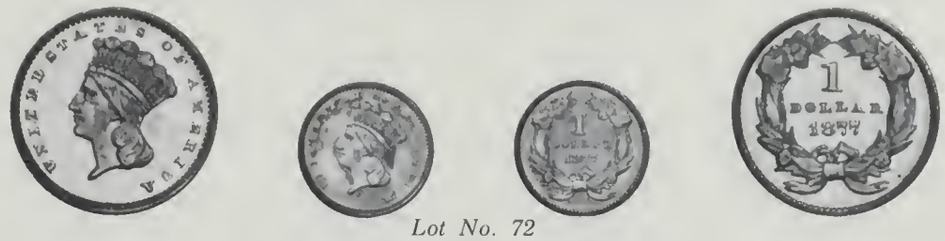
David Akers brings out an important point with regard to the rarity of a Proof versus a business strike. Since there were so few coins in all (420), every coin was either mostly prooflike or wholly prooflike, and **many** a mistake was made (ourselves included) in calling prooflike coins Proofs. Research has shown that the business strike has an identifying mark—a thorn-like projection from the throat into the field. **The Proof does not have this mark.** *(SEE COLOR PLATE)*



Lot No. 71

71 **1876 Choice Brilliant Uncirculated.** The obverse prooflike with some light hairlines, the reverse is satiny. Lovely toning. Very scarce.

GEM 1877 GOLD DOLLAR



Lot No. 72

RARE 1879 PROOF GOLD DOLLAR

74 **1879 Brilliant Proof.** *30 specimens struck.* With the dieline and die file marks in the bow, identifying it as a Proof. A **choice** example in deep yellow gold with coppery toning. Only nine appearances at auction, and some might have been business strikes. Rare.

GEM 1880 GOLD DOLLAR

Lot No. 75

75 **1880 Gem Brilliant Uncirculated.** A pristine example with prooflike and satiny surfaces. Splendid even, delicate coppery toning.

GEM 1881 GOLD DOLLAR

77 **1882 Choice Brilliant Uncirculated,** prooflike and satiny. Orange-russet toning.

EXTREMELY RARE AND POPULAR

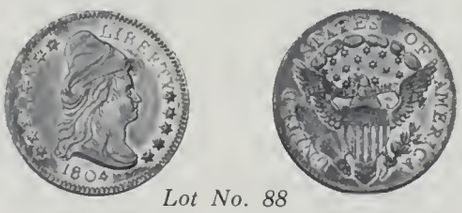
1796 NO STARS QUARTER EAGLE

Lot No. 86

86 **1796 No Stars.** The first year and the only year of the type **without stars** on the obverse. **About Uncirculated,** extraordinary satiny and prooflike surfaces. The central portion weak due to planchet adjustment marks on the reverse. There is a small edge dinge below the 6 of date. The coin overall is exceptionally well struck, with the reverse stars and motto fully struck. Attesting to its sharp strike is the fact that the E in LIBERTY is **fully** struck up, one of the very few this cataloguer has ever seen. Well worth a bid in the $25,000.00 range. ***(SEE COLOR PLATE)***

Lot No. 87

87 **1802/1 About Uncirculated** and a beautiful specimen in deep yellow gold. Full frosty mint bloom, just the faintest touch of wear on the cheek from Mint State. The reverse certainly gives the appearance of a **choice** example. ***(SEE COLOR PLATE)***



Lot No. 88

88 **1804** The 14 Star Reverse. (This reverse die was used for the dime as well.) **About Uncirculated** and a "Gem." Prooflike, with a hint of frost, exquisite coppery orange toning. **A very sharp strike** including the central portion. ***(SEE COLOR PLATE)***

107 **1854'D'** The only year in which a Three Dollar Gold piece was struck at the Dahlonega Mint. **Extremely Fine,** considerable frosty lustre in the devices. EXTREMELY RARE

MINT STATE 1855'S' THREE DOLLAR GOLD

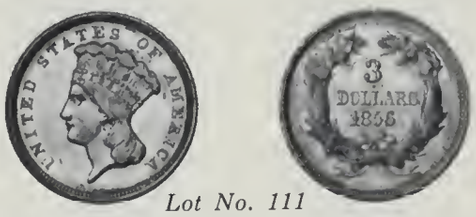
Lot No. 110

110 **1855'S' Brilliant Uncirculated,** full frosty mint lustre. Sharply struck, including the mintmark. The minutest touch of friction on the high points.

In our opinion, this is probably the rarest Mint State Three Dollar Gold piece. Prior to our Bareford Sale, the last specimen we had at auction was in our Hall Collection in 1945. David Akers could only find three records of sale since 1944—Stack's Hall and Bell Sales, and Mehl's Olsen Sale. He was unaware of this piece which Mehl had in a 1954 sale.

The date itself is vastly underrated. We quote from Aker's book. *"Overall it has the lowest average grade of any date in the entire series."* In fact, this is the only Mint State example offered in a dozen or so years. We would not be at all surprised if this rarity realized a bid close to the five figure mark. ***(SEE COLOR PLATE)***

Ex B. Max Mehl's 115 Sale, lot 2660, November, 1954; Harold S. Bareford Collection (Stack's), lot 126, December 1978.



Lot No. 111

111 **1856** About Uncirculated and choice, frosty with some prooflike surface. Splendid light russet toning.

VERY RARE 1856'S' SMALL 'S' THREE DOLLAR GOLD

Lot No. 112

112 **1856'S' Small 'S'. Brilliant Uncirculated,** full frosty lustre, pale coppery orange toning. Really one of the rarest coins in the entire set, especially so in Mint State. We seriously doubt if **three** specimens exist in this condition.

Lot No. 113

113 **1856'S'** Medium 'S'. Slight recutting on the mintmark and the break at LL. Extremely Fine, light orange toning.

Lot No. 114

114 **1857 Choice Brilliant Uncirculated,** very nearly a gem. Fully frosty mint bloom, pale coppery toning. Often considered a common date, however, there were only 11 coins offered in 13 years, **less than one a year.**

Lot No. 115

115 **1857'S'** Extremely Fine, rich coppery toning. A **rare** coin, seldom seen better.

Lot No. 116

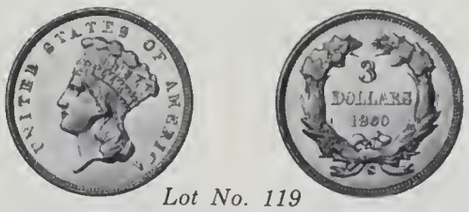
116 **1858 About Uncirculated,** frosty and choice. In fact, only a whisper from Mint State. The average grade this is offered in is Very Fine. A premium example of this **rare** date.

Lot No. 117

117 **1859** Extremely Fine, coppery iridescent toning. Sharply struck.

Lot No. 118

118 **1860 Brilliant Uncirculated.** Wholly natural prooflike surface although gently polished some years ago; now with lovely greenish russet toning. A few tiny bagmarks, otherwise exceedingly difficult to decide whether or not it is a Proof. Only the edge gives it away. **Rare.**



Lot No. 119

119 **1860'S' About Uncirculated,** frosty lustre with some prooflike surface. Small reverse rim dinge. David Akers sums up the rarity of this coin perfectly and we quote from his book: *"This date (1860'S') is one of the unsung rarities of the series and ranks 7th in rarity by number of appearance, and 5th in rarity by average grade."* Here again, only 11 appearances in About Uncirculated or better in 13 years.

Lot No. 120

120 **1861 About Uncirculated,** choice. Frosty and slightly prooflike. A very scarce date.

VERY RARE

Lot No. 121

121 **1862 Brilliant Proof.** *35 specimens struck.* A **choice** specimen in deep yellow gold. Fully two-tone with a partial "aura" about the head. Delicate russet with orange overtones. **Exceptional** in every sense of the word. ***(SEE COLOR PLATE)***

RARE 1865 THREE DOLLAR GOLD

Lot No. 124

124 **1865 About Uncirculated,** considerable prooflike surface. A pinpoint nick on the reverse below the wreath. Only 1,140 were struck for circulation, making it the lowest issued, other than the 1873, in a 20 year period.

RARE 1866 PROOF THREE DOLLAR GOLD

Lot No. 125

125 **1866 Brilliant Proof.** *30 specimens struck.* A **choice** example in deep yellow gold. Sharply impressed and really of medallic quality. Certainly only about a dozen specimens are extant. ***(SEE COLOR PLATE)***

MINT STATE 1867 THREE DOLLAR GOLD

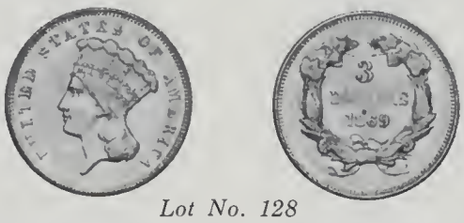
Lot No. 126

126 **1867 Brilliant Uncirculated,** blazing mint lustre and very sharply struck. A lovely and **choice** example of this **rare** date. In fact, it is just behind the 1865 in appearances at auction (9 appearances in 13 years).

MINT STATE 1868 THREE DOLLAR GOLD

Lot No. 127

127 **1868 Brilliant Uncirculated,** full frosty mint bloom. Some light contact marks but still in the **choice** category. Lovely pale pink and russet toning.



Lot No. 128

128 **1869 About Uncirculated and choice.** Frosty mint lustre, with delicate russet-orange toning. A **rare** date and seldom seen this nice.

Lot No. 129

129 **1870 About Uncirculated** and a splendid coin with prooflike surface. Scarcer than its mint record would suggest.

SUPERB 1871 THREE DOLLAR GOLD

Lot No. 130

130 **1871 Choice Brilliant Uncirculated.** An extraordinary example in deep yellow gold with a satiny surface. Rich golden russet with orange overtones. The reverse is fully gem in appearance. Only 1,300 were coined, one of the lowest in the entire series.

Lot No. 131

131 **1872 Brilliant Uncirculated** and a splendid coin with prooflike surface. A **rare** date as only 2,000 were coined.

AN EXTRAORDINARY "DISHED" 1873 THREE DOLLAR GOLD

Lot No. 132

132 **1873** Closed 3. "Dished" variety. **Gem Brilliant Proof,** pale cloudy toning over greenish yellow gold. A passage in David Aker's book gives some enlightening information regarding this curious date:

"One variety of the 1873 Closed 3 three dollar gold piece is markedly 'dished,' that is, it has a convex obverse and concave reverse. This variety is the so-called 'dished restrike.' However, Harry Bass claims that the dished pieces are in fact, the true 'originals.' I feel that these dished pieces are merely the *proofs* with the Closed 3, whereas the other Closed 3 pieces are *all* business strikes. Therefore, since both were, in my opinion, minted in 1873, both can lay legitimate claims to being 'originals.' The two proofs listed below were both the dished variety, which, by the way, is the rarest of the 1873 three dollar gold piece varieties."

An exceptional coin in an exceptional state of preservation. (SEE COLOR PLATE)

Lot No. 133

133 **1874 Choice Brilliant Uncirculated,** full mint bloom, slightly prooflike. In great demand as a type coin because it is one of the few "common" dates.

EXTREMELY RARE
1875 PROOF THREE DOLLAR GOLD

Lot No. 134

134 **1875 Brilliant Proof.** *20 specimens reportedly struck.* A **gem** specimen, two-tone and virtually free from even a single hairline. Delicate even coppery russet toning serves to highlight the beauty of this great rarity.

Clearly, the "key" of the collection and of legendary rarity. Probably more than 20 specimens were struck, but in the cataloguer's opinion **none** were restrikes. They all were struck in 1875. We feel that perhaps 20 are extant and for that reason, as well as for its splendid state of preservation, we unhesitatingly value the coin well in excess of $100,000.00. ***(SEE COLOR PLATE)***

(Enlarged)

SUPERB 1876 PROOF THREE DOLLAR GOLD

Lot No. 135

135 **1876 Brilliant Proof.** *45 specimens struck.* A **choice** example, virtually in the gem category. The usual faint "aura" about the head. Deep yellow gold with rich coppery toning. This, too, is a "Proof only" date and is as avidly sought after as the 1875.

An excellent match for the preceding coin and it no doubt will realize a record bid. ***(SEE COLOR PLATE)***

VERY RARE

1877 PROOF THREE DOLLAR GOLD

Lot No. 136

136 **1877 Brilliant Proof.** *20 specimens struck.* Described by Q. David Bowers in the U. S. Gold Coin Sale, lot 303, as follows: "One of the finest known examples of this great rarity. The coin is even finer than the Garrett Collection coin sold by us in 1979, a significant statement, for in general, the Garrett issues were of the highest available quality.

"Production figures released by the Mint indicate a mintage of 20 Proofs. Today, about 10 to 12 Proofs are known. David Akers cites 27 appearances of Proof coins at auction, but qualifies this by noting that 'a number of 'Proofs' offered were really prooflike business strikes, and some of them were probably Uncirculated or very close to that grade.'

"Among gold coins, 1877 is distinguished by an exceedingly low Proof mintage. Although 20 pieces were reported of the 1877 $3, it is not certain that all were distributed. In any event, the number surviving today is exceedingly small, and the auction appearance of a virtually perfect coin such as is now offered is a major event." ***(SEE COLOR PLATE)***

GEM 1878 THREE DOLLAR GOLD

Lot No. 137

137 **1878 Gem Brilliant Uncirculated,** incredible blazing lustre. Pink toning with coppery highlights. This should be worth a $10,000.00 bid.

CHOICE 1879 THREE DOLLAR GOLD

Lot No. 138

138 **1879 Choice Brilliant Uncirculated,** in fact, a borderline gem. One of the few we've seen fully frosty and free from any prooflike surface. Pale pink and russet toning.

CHOICE 1880 THREE DOLLAR GOLD

Lot No. 139

139 **1880 Choice Brilliant Uncirculated,** frosty and slightly prooflike. Pink and russet toning. Only 1,000 coined.

VERY RARE
1881 PROOF THREE DOLLAR GOLD

Lot No. 140

140 **1881 Brilliant Proof.** *54 specimens struck.* A **choice** example, just bordering on the gem category. Two-tone appearance with delicate iridescent toning.

Probably half of the quantity struck are still extant. The auction records for the most part duplicate prior sales of the same coin. As pointed out in the U. S. Gold Coin Sale, "Although Proofs are rare and desirable in their own right, the desirability of the 1881 $3 is enhanced by the very, very low business strike mintage of just 500 coins . . ."

Few examples could equal this specimen in strike, color, and overall appearance. ***(SEE COLOR PLATE)***

Ex "Detroit" Collection, 1894; U. S. Gold Coin Sale, lot 307.

RARE 1882 PROOF THREE DOLLAR GOLD

Lot No. 141

Lot No. 142

142 **1883 Brilliant Uncirculated** and wholly prooflike. The coin was gently polished but now is toning nicely. Only 900 were coined for circulation.

GEM 1884 THREE DOLLAR GOLD

Lot No. 143

143 **1884 Gem Brilliant Uncirculated,** full frosty mint bloom. No proof surface. A perfectly splendid example of this really **rare** date. Only 19 offered in Mint State while there were 27 offered in Proof over a 13 year period. An exceptional coin worthy of the finest collection.

CHOICE 1885 THREE DOLLAR GOLD

Lot No. 144

144 **1885 Choice Brilliant Uncirculated,** frosty but mostly prooflike. Exquisite coppery russet toning. Only 800 coined for circulation. This certainly must rank as one of the most difficult coins to obtain in this splendid condition.

Lot No. 167

167 **1820** Square base 2. **Brilliant Uncirculated** and frosty, splashes of coppery iridescent toning. Rare, as are all of the dates in the 1820's. ***(SEE COLOR PLATE)***

SPLENDID 1823 HALF EAGLE

Lot No. 168

168 **1823 Brilliant Uncirculated** and a **choice** example, with full prooflike surfaces. Tiny marks in the field are accentuated by the brilliant surface. Superb deep orange toning. A very rare date. ***(SEE COLOR PLATE)***

VERY RARE 1826 HALF EAGLE

Lot No. 169

169 **1826 Brilliant Uncirculated and choice.** An outstanding example in deep greenish yellow gold with orange overtones. A very rare date, but especially so in this beautiful state of preservation. ***(SEE COLOR PLATE)***

VERY RARE 1834 MOTTO HALF EAGLE

Lot No. 170

170 **1834 Motto.** Plain 4. **Brilliant Uncirculated,** solidly struck so that every tiny detail is in evidence. Frosty, the reverse is slightly prooflike. A rare type, struck only in a few years. *(SEE COLOR PLATE)*

Lot No. 171

171 **1834 No motto.** Plain 4. The classic head. **Brilliant Uncirculated,** faintly prooflike.

Ex Wilson-Reuter Collection (Stack's), lot 945, October 1959; Stack's May 1971 Sale, lot 1386.

Lot No. 172

172 **1835 Brilliant Uncirculated** and wholly prooflike. Light marks in the field which are commonplace to a coin with a mirror-like surface. A splendid example of the type.

GEM 1837 HALF EAGLE

Lot No. 173

173 **1837 Gem Brilliant Uncirculated,** fully lustrous with a "peach fuzz" look. Delicate orange toning overall. An example that could not be improved on. It is "as struck." *(SEE COLOR PLATE)*

U. S. EAGLES ($10.00 GOLD)

Capped Bust Right. Small Eagle

1795 - 1797

AN EXQUISITE 1795 EAGLE

Lot No. 174

174 **1795 Small Eagle.** The first year of issue. Breen 4B. Stars 10 left, 5 right. The stars give the appearance of being smaller, probably because they were rather timidly punched on all of the outer points. The reverse with 13 leaves below the eagle.

Choice Brilliant Uncirculated. An exquisite, glittering specimen with prooflike surface. Delicate pale orange toning. Really just some light natural marking on the obverse from the gem category. Of exceptional beauty and virtually in a class with the Eliasberg coin (U. S. Gold Coin Collection described as a 2-A). Breen accords this variety a rating of Rarity 6. In this condition, it jumps accordingly in the availability column. ***(SEE COLOR PLATE)***

Lot No. 175

175 **1796** Stars 8 left, 8 right. **About Uncirculated** with a prooflike surface. The light circulation marks in the field are somewhat amplified by this type of surface. A beautiful and **rare** coin with rich coppery orange toning.

Ex Alto Collection (Stack's), lot 319, December 1970.

VERY RARE 1797 SMALL EAGLE

Lot No. 176

176 **1797 Small Eagle.** Obverse stars 12 left, 4 right. Really quite an unbalanced design. 11 leaves below the eagle. The ever-present diebreak, from the rim below the last star to the throat, is clearly in evidence. (Breen propounds the theory that this crack occurred in the hardening process and cracked then. Therefore, **all** have this crack. We must concur because we have never seen an example from perfect dies.) **Brilliant Uncirculated,** frosty lustre, with considerable prooflike surface. The usual light marks and hairlines common to a coin with this surface. Rich pale coppery toning serves to enhance the appearance of this rarity. Our research shows that there was only one Mint State example offered at auction in the past 13 years. Its rarity is therefore magnified by its condition. *(SEE COLOR PLATE)*

Capped Bust Right. Heraldic Eagle

1797 - 1804

Lot No. 177

177 **1797 Large Eagle.** Obverse stars 10 left, 6 right. Die crack from rim through the last 7, crack through C and between ER in AMERICA. **Choice Brilliant Uncirculated** and a virtual gem with full blazing mint frost. An exceptionally beautiful example of this 18th century eagle.

VERY RARE 1798/7 EAGLE - FOUR STARS RIGHT

Lot No. 178

178 **1798/7** All of this year are overdates. Obverse stars 9 left, 4 right. **Brilliant Uncirculated** with prooflike surface. Some light handling marks and just a touch of cabinet friction. The date 1798 is clearly the rarest of the early eagles. In this state of preservation, the coin is virtually unobtainable. *(SEE COLOR PLATE)*

Ex Grant Pierce & Sons Collection (Stack's), lot 1435, May 1965.

EXTREMELY RARE

1798/7 EAGLE - SIX STARS RIGHT

Lot No. 179

179 **1798/7** Overdate. Obverse stars 7 left, 6 right. The legendary rarity of the series. From the King of Egypt's Collection sold by B. Max Mehl in 1948. It was described as follows: "1798 over '97 $10.00. The excessively rare variety with six stars to right and seven stars to left of bust. The most perfect and most beautiful specimen of this rarity that has ever been handled by me. Strictly Uncirculated with proof surface. The field on obverse shows just the barest touch of cabinet friction. It is unusually sharply struck with every star filled and broad milled borders, especially on obverse, with slightly raised edge. It was sold to His Majesty as 'unique in this condition.' This is a dangerous statement to make. I can say, however, that it is as beautiful a specimen of this rare eagle as I know of. It is so perfectly struck that it shows a light die break from border through E of LIBERTY, and another light die break from border through left portion of first star at top of left to Liberty cap. The price of cost marked on the original envelope in which this coin came to me from His Majesty is marked close to $2,000.00. I hardly think the coin is worth that much, but it is certainly worth well into the four figure mark. The coin has a record of over $1,100.00 for not nearly so choice a specimen."

We fully agree with Mr. Mehl as to his condition and rarity. Further research indicates that this is the **only** Mint State specimen offered since the Pierce Sale (this coin) in 1965. The Uncirculated Baldenhofer specimen, also sold by us, was sold in 1955. **An opportunity which should not be taken lightly.** ***(SEE COLOR PLATE)***

Ex Grant Pierce & Sons Collection (Stack's), lot 1436, May 1965.

Lot No. 180

180 **1799** Small stars on the obverse placed 8 left, 5 right. (All dates to follow are of this configuration.) A borderline Uncirculated specimen, sharply struck, frosty and prooflike. The scarcer of the two major obverse varieties.

Ex Alto Collection (Stack's), lot 324, December 1970.

Lot No. 181

181 **1800 Brilliant Uncirculated,** full mint lustre and considerable prooflike surface. Rim break and a small planchet defect on either side of the 11th star. This date is decidedly unappreciated compared to 1795, 1797 L.E., 1799, 1801, and 1803. This is most assuredly the case in Mint State - only 16 appearances in 13 years.

Ex Alto Collection (Stack's), lot 325, December 1970.

Lot No. 182

182 **1801 About Uncirculated** and a lovely **choice** example with mint frost and prooflike surface. The reverse certainly gives the appearance of a Mint State coin. Rich coppery russet toning overall.

Lot No. 183

183 **1803** The "extra star" variety (a tiny star is on the last cloud under the F in OF). **Brilliant Uncirculated,** full frosty mint bloom. Some light bagmarks and planchet adjustment marks are neatly covered by the deep coppery orange toning.

Ex Scanlon Collection (Stack's), lot 2454, October 1973.

198 1844'O' About Uncirculated, mostly prooflike. An exceptionally nice example, very nearly in the Mint State category.

Lot No. 199

199 **1845 About Uncirculated,** lustrous about the devices. The reverse, as is always the case, is nicer than the obverse. Rare and underrated.

Lot No. 200

200 **1845'O'** Recut date. The 45 was first punched in far to the left, then centered properly. **About Uncirculated,** light iridescent toning.
Ex Stack's April 1975 Sale, lot 592.

201 1845'O' Another of the same variety. Very Fine, even wear, coppery toning. Some lustre in the devices.
Ex Scanlon Collection (Stack's), lot 2460, October 1973.

Lot No. 202

202 **1846** Extremely Fine, the reverse shows considerable lustre in the protected areas. A most underrated coin, with a frequency of appearance similar to the 1844 and 1845. In fact, there were only 20 appearances at auction, from Fine to Proof, in 13 years.
Ex Scanlon Collection (Stack's), lot 2461, October 1973.

MINT STATE 1846/5'O' EAGLE

Lot No. 203

203 **1846/5'O'** The knob of the 5 perfectly clear in the loop of the 6. **Brilliant Uncirculated,** mostly prooflike. A simply magnificent coin, with light bag abrasions (magnified by the surface) in the field. This cataloguer cannot recall seeing a better specimen of this variety.

Ex 1976 ANA Convention Sale (Stack's), lot 3064.

204 1846'O' The obverse Fine, nearly Very Fine; the reverse Very Fine. Coppery toning.

Lot No. 205

205 **1847 Brilliant Uncirculated,** bag abraded but lustrous. The reverse is really quite lovely.

206 1847'O' Extremely Fine and choice. A lustrous example with light toning.

207 1848 Choice Extremely Fine, the reverse with claims to a higher grade.

208 1848'O' About Uncirculated but very weakly struck, the central portions especially so. Brilliant prooflike surface in the devices, a small scratch before the face. Very scarce.

Ex Scanlon Collection (Stack's), lot 2465, October 1973.

209 1849 Extremely Fine, russet and iridescent. A small obverse rim dinge.

210 1849'O' Very Fine, greenish yellow gold.

211 1850 Large date. Extremely Fine and choice. Splendid coppery russet toning.

212 1850'O' Extremely Fine, pale orange and russet toning.

Lot No. 213

213 **1851 Brilliant Uncirculated,** fully lustrous. Signs of an old cleaning but still a lovely coin and really far rarer than its mint record would suggest. Only two appearances in this condition in 13 years.

214 1851'O' Extremely Fine, coppery russet toning.

215 1852 Extremely Fine, nicely struck, with lustre in the devices.

216 1852'O' Extremely Fine and an attractive example of this scarce date.

Lot No. 217

217 **1853 Brilliant Uncirculated,** slight friction in the field. Frosty lustre with rich coppery toning.

218 1853'O' About Uncirculated, greenish yellow gold with lustre and prooflike surface in the devices.

219 1854 Extremely Fine, coppery toning.

220 1854'O' The normal date. Extremely Fine, frosty lustre. Delicate coppery toning.

Lot No. 221

221 **1854'S' Brilliant Uncirculated,** frosty mint bloom, with the normal bag abrasions. A very pretty coin and although common in circulated grade, in this condition it is really rare.

222 **1855** Extremely Fine, russet toning. A fairly scarce date.
Ex Scanlon Collection (Stack's), lot 2474, October 1973.

THE FINEST KNOWN 1855'O' EAGLE

Lot No. 223

223 **1855'O' Brilliant Uncirculated.** Prooflike surface, with some friction in the field, but really a stunning example. David Akers in describing the rarity of this date, comments on this very coin and we quote, *"The Scanlon-Miles coin (both Uncirculated listings below are of the same piece) is the only one ever catalogued as Uncirculated and is the finest I can recall seeing. In fact, I have not seen another 1855'O' better than E.F."* ***(SEE COLOR PLATE)***
Ex R. L. Miles, Jr. Collection (Stack's), lot 647, October 1968; Scanlon Collection (Stack's), lot 2475, October 1973.

Lot No. 224

224 **1855'S' About Uncirculated,** lustrous. Excellent surfaces with deep orange and russet toning. An exceptional example of this **rare** date. Akers lists only Extremely Fine or lower, but there were two appearances in Uncirculated condition. This still is well up in the Condition Census.

Lot No. 225

225 **1856 Brilliant Uncirculated,** full blazing mint lustre, lightly bagmarked. Not rare as a date, but any No Motto eagle is a rare coin in Mint State.

Lot No. 226

226 **1856'O' About Uncirculated,** traces of mint lustre. Superb coppery toning. Low mintage of 14,500. Very few appearances (8 in 13 years) in this condition.
Ex Scanlon Collection (Stack's), lot 2476, October 1973.

227 1856'S' Small mintmark. Extremely Fine, coppery toning.

Lot No. 228

228 **1857 About Uncirculated,** frosty mint bloom. Akers states, *"The 1857 is a very rare and underrated date."* Breen states, *"No Uncirculated specimen seen."* These statements place this coin high on the desirability list.

Lot No. 229

229 **1857'O' About Uncirculated,** well struck. Numerous tiny circulation marks, but really an attractive example of this **rare** date. Light russet and coppery toning.

230 1857'S' About Uncirculated. A prooflike example, with rubbing in the field consistent with the grade and surface. A very scarce coin.

RARE 1858 EAGLE

Lot No. 231

231 **1858** Extremely Fine and very attractive. Coppery toning at the periphery. For many years it was considered to be one of the rarest of all U.S. eagles because prior to 1956 this date had fewer appearances than most other rare dates. However, with the upsurge of collectors in that period as well as the hoards in foreign banks being scanned by collectors in the ensuing decades, the coin has reached the level of its rarity.

Ex Samuel W. Wolfson Collection (Stack's), lot 672, October 1962.

232 1858'O' About Uncirculated, prooflike surface, with some mint frost. Scarce.

233 1858'S' Very Fine, even wear, coppery iridescent toning. A very scarce date.

234 1859 Extremely Fine, some rubbing in the central portion, lustrous at the periphery. Deep orange toning.

VERY SCARCE 1859'O' EAGLE

Lot No. 235

235 **1859'O' Extremely Fine, choice.** Shows evidence of having been cleaned with an abrasive. Only minor contact marks with other coins. Extremely low mint record of 2,300. Less were coined than the vaunted 1858.

Ex R. L. Miles, Jr. Collection (Stack's), lot 659, October 1968; Stack's April 1975 Sale, lot 608.

Lot No. 236

236 **1859'S'** Extremely Fine, lovely even coppery toning. Of the 7,000 coined, only few exist in this condition. Only 9 appearances in 13 years.

Lot No. 237

237 **1860 Brilliant Uncirculated,** frosty lustre. Bag abraded in the field, but still an attractive example of the date. Delicate russet toning.

238 **1860'O' About Uncirculated,** slightly prooflike. Some coppery toning on the reverse. Only 11,100 were struck.

Lot No. 239

239 **1860'S' About Uncirculated.** Considerable lustre on the reverse, the obverse lustrous and prooflike. Really an exceptional example of this rarity. Akers states, *"The 1860'S is a major rarity in any condition."* There were only three examples offered between 1972 and 1984.

240 1861 About Uncirculated, coppery toning.

241 1861'S' Extremely Fine, some frosty lustre. Light coppery toning. A very scarce date.

Lot No. 242

242 **1862 About Uncirculated** and very choice, full blazing lustre. Really just a hairsbreadth from Mint State. This would grace the finest collection of eagles.

243 1862'S' Fine, even wear. Coppery russet toning. Scarce.

Lot No. 244

244 **1864 About Uncirculated,** lustrous, light circulation marks. Sharply struck and scarce. Only 3,530 were coined for circulation and most extant are either Very Fine or Proof.

VERY RARE 1864'S' EAGLE

Lot No. 245

245 **1864'S'** Strictly Very Fine, light even wear, coppery toning. Clearly, one of the rarest of the No Motto eagles. The 2,500 struck has no bearing on the quantity extant. In Akers' survey of 369 catalogues, he could only account for 16 appearances.

VERY RARE 1865 EAGLE

Lot No. 246

246 **1865** Extremely Fine and choice, prooflike surface in the protected areas. Light orange-russet toning. An exceptionally attractive example of this rarity.

Lot No. 247

247 **1865'S'** Perfect date. Extremely Fine, the reverse nearly so. Pale russet-orange toning. At least as rare as the overdate or perhaps rarer.

VERY RARE 1866'S' NO MOTTO EAGLE

Lot No. 248

248 **1866'S' No motto.** Extremely Fine, lustrous, with light iridescence. A better than average strike. A twin to the Akers' plate coin, or perhaps a trifle better.

Coronet Type. Large Head. Motto

1866 - 1907

Lot No. 249

249 **1866 Motto. About Uncirculated,** considerable blazing lustre. An exceptionally nice example and really exceedingly rare in this condition. Only eight appearances at auction.

250 1866'S' Motto. Tiny mintmark, as usual. Extremely Fine, usual handling marks. Scarce.

Ex Scanlon Collection (Stack's), lot 2488, October 1973.

Lot No. 251

251 **1867 About Uncirculated,** superb coppery toning. A handsome example of a rare coin. A recent compilation of a 13-year period shows only five appearances in this condition.

252 1868 Extremely Fine, sharply struck. Russet and coppery toning.

253 1868'S' Extremely Fine, light bagmarks. Another very scarce and unappreciated eagle.

IMPORTANT NOTICE

RARE 1869 EAGLE

Lot No. 254

254 **1869 About Uncirculated** and wholly prooflike, with the usual circulation abrasions commonly seen on a coin with this type of surface. A rare date, especially so in this condition.

255 1869'S' Extremely Fine, light even wear, with lustre and a hint of prooflike surface. Unusually bold mintmark.

Lot No. 256

256 **1870 Brilliant Uncirculated,** full frosty mint bloom. Numerous bag abrasions magnified by the faint prooflike surface. A beautiful specimen and right at the head of the Condition Census.

257 **1870'S'** Very Fine, even wear, no detracting marks. A scarce coin.

VERY RARE 1871 EAGLE

Lot No. 258

258 **1871 About Uncirculated,** mostly prooflike. A very rare date, only six specimens offered in this condition in the past 13 years. None are known in Uncirculated condition.

259 **1871'CC'** Strictly Very Fine, coppery toning about its periphery. A few minor rim nicks. Very scarce.

Lot No. 260

260 **1871'S'** Extremely Fine. The tiny mintmark is lightly struck but still perfectly legible. Small reverse rim nick. A very scarce coin in this condition.

RARE 1872 PROOF EAGLE

Lot No. 261

261 **1872 Brilliant Proof.** *30 specimens struck.* A perfect gem but for one small lintmark in the field between the nose and the fourth star. (This occurred at the time of striking and really should not be considered an impairment.) A rare coin, both as a Proof as well as a date, as only 1,650 were coined in all. ***(SEE COLOR PLATE)***

Ex Charles Jay Collection (Stack's), lot 320, October 1967; Scanlon Collection (Stack's), lot 2495, October 1973.

262 **1872'CC'** Fine, nearly Very Fine, even wear, no impairments. Scarce.

Lot No. 263

263 **1872'S' About Uncirculated,** lustrous and slightly prooflike. Usual circulation marks, including a reverse edge dinge. Quite a rare coin in this condition.

VERY RARE 1873 EAGLE

Lot No. 264

264 **1873** Closed 3. Strictly Extremely Fine and very close to About Uncirculated, frosty and slightly prooflike. An old scratch on the cheek, undoubtedly caused in circulation. Pale russet and orange. Only 800 business strikes were made but few are extant, probably a dozen or so at best. This ranks as one of the finest in existence.

Lot No. 265

265 **1873'CC'** Extremely Fine and a particularly nice example of this rare coin (4,543 coined). A tiny planchet flake in the obverse field. Some mint lustre in the protected portions.

EXTREMELY RARE
MINT STATE 1873'S' EAGLE

Lot No. 266

266 **1873'S' Brilliant Uncirculated,** full frosty mint bloom, light bagmarks. Sharply struck and really a beauty. Only one other is known in Mint State. In fact, when Akers' book went to press, it was unknown in this condition.

Lot No. 267

267 **1874 Brilliant Uncirculated,** frosty and satiny. The reverse, as usual, is nicer because the devices protect the field. Scarce.

268 1874'CC' Very Fine, bordering on Extremely Fine. Bluntly struck, as are all, but the lustre on this specimen makes it quite attractive. Very scarce.

269 1874'S' Fully Extremely Fine, nearly a grade better. Frosty lustre, delicate coppery toning.

Ex Scanlon Collection (Stack's), lot 2498, October 1973.

EXTREMELY RARE 1875 EAGLE

Lot No. 270

270 **1875 Extremely Fine.** Prooflike surface, with light circulation marks, to be expected on a coin of this condition with this surface. Every specimen, except those that are badly worn, exhibit prooflike surface because **only 100 were coined for circulation.** Another important point is that **the 1875 eagle has the lowest mintage of any regular issue U. S. coin.** It is by far the rarest U. S. eagle and has fewer appearances at auction than most U. S. Gold coins, obviously because of the quantity struck.

Better than our Alto specimen, sold in December 1970. This specimen is from our H. R. Lee Sale in 1947. The reverse toning is virtually identical to the photo in that catalogue. This coin is destined to bring a record bid as there were only 15 appearances in Akers' 369 catalogue survey, and two business strike appearances in the last 13 years. ***(SEE COLOR PLATE)***

Ex H. R. Lee Collection (Stack's), lot 1530, October 1947.

271 **1875'CC'** A nice Very Fine, excellent surfaces. A popular coin for the one-of-a-year collector as it is the only collectible coin of the year.

VERY RARE 1876 EAGLE

Lot No. 272

272 **1876** A circulated Proof. *45 specimens struck.* Undoubtedly a Proof because it has all the criteria as discussed in Breen's book on the subject. A grand total of 732 coins were struck this year. This example gives a very nice appearance due to the surface and lovely coppery toning.

273 **1876'CC'** Bluntly struck, as usual, and difficult to grade. Probably Extremely Fine, faint prooflike surface. Lovely russet toning.

Lot No. 274

274 **1876'S'** Extremely Fine, traces of lustre, coppery iridescent toning. Only 5,000 were coined. Rare in this condition.

Note: Why they only made 5,000 quarter eagles, 4,000 half eagles, and 5,000 eagles versus one and a half million double eagles at the San Francisco mint that year, remains a mystery.

VERY RARE 1877 EAGLE

Lot No. 275

275 **1877 Extremely Fine** and choice, nearly a grade better. Splendid russet toning over prooflike surfaces. Only 797 were coined for circulation.

Lot No. 276

276 **1877'CC' About Uncirculated,** considerable mint lustre, with prooflike surface. The typical strike from this mint. Very few appearances at auction.

Ex Scanlon Collection (Stack's), lot 2502, October 1973.

277 1877'S' The obverse Very Fine, the reverse Fine. Deep orange-russet toning. Slight granulation in the field.
Ex Scanlon Collection (Stack's), lot 2501, October 1973.

278 1878 Extremely Fine, considerable lustre.

RARE 1878'CC' EAGLE

Lot No. 279

279 **1878'CC'** Extremely Fine, mint lustre about the date and letters. Lovely coppery russet toning. Rare. Low mintage of 3,224.

280 1878'S' Extremely Fine. Scarce.

281 1879 About Uncirculated, frosty mint lustre.

RARE 1879'O' EAGLE

Lot No. 282

282 **1879'O' About Uncirculated.** Considerable prooflike surface, with the inevitable marks so easily seen on a surface of this type. A first-rate example of this rarity, and it must surely rank in the Condition Census. ***(SEE COLOR PLATE)***

Since 1946 or roughly the past 40 years, Stack's has sold this rarity at auction 17 times, which is half the number offered in that period of time by all of the dealers put together. In recent history, we have had the privilege of selling the DiBello specimen in 1970, the Delp specimen in 1972, the Bareford coin in 1978, the Detmer coin in 1983, and the 1984 and 1985 Bartle examples; and now, the Carter specimen. ***(SEE COLOR PLATE)***

Liberty Head. No Motto. "TWENTY D."

1850 - 1866

MINT STATE 1850 DOUBLE EAGLE

Lot No. 399

399 **1850** The first year of issue. **Choice Brilliant Uncirculated,** full blazing mint lustre. An exceptional example, sharply struck, especially the head and eagle. Pale russet toning over deep yellow gold. ***(SEE COLOR PLATE)***

400 1850'O' Extremely Fine, slightly prooflike, light coppery toning. A popular mint-mark type coin.

Lot No. 401

401 **1851 Brilliant Uncirculated** and virtually in the choice category. A stunning example in deep yellow gold with an orange tint. A premium specimen.

402 1851'O' Choice About Uncirculated, just a shade from Mint State. Full frosty lustre with pale coppery toning.

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

Lot No. 403

403 **1852** Thin date. **Brilliant Uncirculated,** lightly but extensively bagmarked. Frosty mint bloom over pink gold.

404 1852'O' About Uncirculated, sharply struck, and mostly frosty. Greenish yellow gold with coppery overtones.

Lot No. 405

405 **1853 Brilliant Uncirculated.** Delicately cleaned, showing faint hairlines; some dark copper stains on the reverse.
Ex Alto Collection (Stack's), lot 409, December 1970.

Lot No. 406

406 **1853'O' Brilliant Uncirculated,** wholly prooflike and a needle-sharp strike. Lightly cleaned, showing some hairlines, but a coin with great "eye appeal."

Lot No. 407

407 **1854 Brilliant Uncirculated,** frosty and satiny. Very attractive deep orange-russet toning. Light cabinet friction on the cheek.

EXTREMELY RARE 1854'O' DOUBLE EAGLE

Lot No. 408

408 **1854'O' Uncirculated,** mostly brilliant, but numerous tiny contact marks. The hair and pearls on the diadem do not show wear, nor the eagle's head and wings (the highest points of the coin). The contact marks give the illusion of a lesser grade. A simply exceptional coin which could possibly be bettered by one or two others. Our magnificent Amon Carter Collection only had one in Very Fine. This beauty will no doubt set a new record. *(SEE COLOR PLATE)*

409 1854'S' About Uncirculated, tooled years ago to eliminate a scratch on and before the face.

Lot No. 410

410 **1855 Brilliant Uncirculated,** frosty mint bloom, light bagmarks. Some streaky obverse toning.

RARE 1855'O' DOUBLE EAGLE

Lot No. 411

411 **1855'O' About Uncirculated,** lustrous and slightly prooflike. Pale russet toning. Nearly as nice as the Amon Carter coin which was a strong About Uncirculated. Worth a bid in the $6,000.00+ range.

Lot No. 412

412 **1855'S' Brilliant Uncirculated,** full blazing lustre. Some light bagmarks, but overall the coin is lovely. Sharply struck, with pale orange toning.

413 1856 About Uncirculated and lustrous.

EXTREMELY RARE 1856'O' DOUBLE EAGLE

Lot No. 414

414 **1856'O'** Extremely Fine, sharply struck. Prooflike surface in the devices although the reverse shows considerable frost. Circulation marks consistent with a coin of this size. ***"The rarity of this coin is legendary."*** That is the term used in cataloguing the Amon Carter Collection. One of the most important coins in this collection. ***(SEE COLOR PLATE)***

Ex James Dines Collection (Stack's), lot 856, March 1969; Winner F. Delp Collection (Stack's), lot 816, November 1972.

Lot No. 415

415 **1856'S' Brilliant Uncirculated,** satiny surfaces. A few light hairline scratches on the head and insignificant planchet flaking on the neck. Despite these minor defects, this cataloguer is greatly tempted to call it choice.

Ex Alto Collection (Stack's), lot 414, December 1970.

Lot No. 416

416 **1857 Brilliant Uncirculated,** frosty lustre. Usual bagmarks, mostly apparent on the obverse. The reverse easily grades choice.

Lot No. 417

417 **1857'O' About Uncirculated** and prooflike. Really an incredible impression. Deep yellow gold with a "flashy" brilliance.

Lot No. 418

418 **1857'S' Choice Brilliant Uncirculated,** exquisite coppery russet toning. Truly an exceptional coin and rare in this condition. In fact, Akers states, *"Uncirculated pieces are definitely rare, and choice and gem quality examples are seldom, if ever, available."*

Lot No. 419

419 **1858 Brilliant Uncirculated,** full blazing mint lustre. Pink gold with pale coppery iridescent overtones. A "sleeper" in this condition.

EXTRAORDINARY 1858'O' DOUBLE EAGLE

Lot No. 420

420 **1858'O' Choice Brilliant Uncirculated.** A needle-sharp strike but for the first two stars. What is so extraordinary about this example is that it is wholly prooflike, with some light hairlines. At first glance it almost looks like a product of the Philadelphia Mint. Without question, one of the finest examples in existence.

Lot No. 421

421 **1858'S' Brilliant Uncirculated** and just a bagmark or two from the gem class. A splendid example with full frosty lustre. (Do not be misled by the quantity struck of this year and other San Francisco Mint coins of this period. It has absolutely no bearing on the Mint State examples extant. All No Motto double eagles are rare.) As described in the 1976 A.N.A. catalogue.

Ex 1976 ANA Convention Sale (Stack's), lot 3193.

422 1858'S' Another example. About Uncirculated and choice. Full mint lustre, pale orange toning.

423 1858'S' A third example. Extremely Fine and lustrous. Copper toning.

Lot No. 424

424 **1859 About Uncirculated,** frosty mint bloom. Nicely struck and very attractive. A **rare** date and seldom seen above Very Fine. This splendid coin is in the Condition Census.

RARE 1859'O' DOUBLE EAGLE

Lot No. 425

425 **1859'O'** Extremely Fine. Some prooflike surface, peculiar to coins struck at this mint. Deep greenish yellow gold with russet toning. **Rare.**

Lot No. 426

426 **1859'S' Brilliant Uncirculated.** Flatly struck, as are most from this date on to 1866. A lustrous example in pink gold with coppery toning.

427 **1860 Brilliant Uncirculated,** some hairlines from an old cleaning. Small obverse edge bruise.

VERY RARE 1860'O' DOUBLE EAGLE

Lot No. 428

428 **1860'O' About Uncirculated,** glittering prooflike surface. The circulation period, no matter how small, is a detraction on a prooflike example. Really a lovely example of this rarity.

Ex R. L. Miles, Jr. Collection (Stack's), lot 851.

Lot No. 429

429 **1860'S' Brilliant Uncirculated,** frosty and satiny with the inevitable light bagmarks. Pale orange toning.

430 **1861 Brilliant Uncirculated** but noticeably bag rubbed on the obverse. The reverse is splendid.

RARE 1861'O' DOUBLE EAGLE

Lot No. 431

431 **1861'O' About Uncirculated.** Wholly prooflike and a dazzling example of this rare date. A small obverse edge dinge, but a splendid coin nevertheless.

432 1861'S' Uncirculated, cleaned some years ago, now with rich deep orange toning.

1861'S' PAQUET REVERSE DOUBLE EAGLE

Lot No. 433

433 **1861'S'** The reverse designed by A. C. Paquet, with **Tall Letters.** This experimental reverse was used only in 1861. It was found unacceptable because of the rim design which afforded poor protection for the rest of the coin. **About Uncirculated** and lustrous, a few trivial circulation marks on the rim. Seldom offered this nice. *(SEE COLOR PLATE)*

Lot No. 434

434 **1862** Extremely Fine with claims to a higher grade. This example is very attractive with its splendid orange toning over satiny mint lustre. **Rare,** in fact, Akers shows more appearances in Proof than in this grade.

435 1862'S' Extremely Fine, russet toning.

Lot No. 436

436 **1863 Brilliant Uncirculated,** mint lustre. Superb russet and iridescent toning. A very scarce coin in this condition.
Ex Alto Collection (Stack's), lot 421, December 1970.

Lot No. 437

437 **1863'S' Brilliant Uncirculated,** pink gold, russet and coppery toning. A better than average strike.

438 **1864 Brilliant Uncirculated,** full mint bloom, coppery iridescent toning. The obverse with a touch of friction, the reverse is splendid.

439 1864'S' About Uncirculated. The usual blunt strike.

440 **1865 Brilliant Uncirculated.** A frosty example with light russet toning. This, like the 1864, exhibits a touch of rubbing on the obverse, with the reverse superb.

441 **1865'S' Brilliant Uncirculated,** flatly struck. Frosty mint lustre with the usual complement of bagmarks.

442 **1866'S' No motto.** Very Fine, evenly worn and quite nice for the grade. A **rare** coin seldom seen better than this.

Liberty Head. Motto. "TWENTY D."

1866 - 1876

Lot No. 443

443 **1866 Motto. Brilliant Uncirculated,** blazing mint lustre. The obverse with light bagmarks, the reverse splendid. A stunning example of the first year of the type.

Lot No. 444

444 **1866'S' Motto. Brilliant Uncirculated.** A lustrous example, lightly but extensively bagmarked. Not rare as a date, but very difficult to locate in this condition.

Lot No. 445

445 **1867 Brilliant Uncirculated.** Light bagmarks, but a splendid lustrous example with orange toning on the obverse and a brighter reverse. Probably one of the hoard coins, and an "end of the roll" coin at that.

446 1867'S' About Uncirculated, frosty mint bloom.

447 1868 About Uncirculated. Sharply struck and lustrous.

448 1868'S' About Uncirculated. A few light edge nicks.

449 **1869 Brilliant Uncirculated.** Wholly prooflike but extensively bagmarked, giving the illusion of a lesser grade.

450 1869'S' About Uncirculated.

451 1869'S' Another. Extremely Fine, deep orange toning.

452 1870 About Uncirculated, prooflike and frosty. Scarce.

PROBABLY THE FINEST KNOWN SPECIMEN OF THE EXTREMELY RARE 1870'CC' DOUBLE EAGLE

Lot No. 453

453 **1870'CC'** The first year of issue at the Carson City Mint. **About Uncirculated.** All of the coins of this year and mint are flatly struck. The dies were prepared in this fashion, therefore, the collector could never hope to see one which would be comparable in strike and definition to a coin of the last Liberty head type (1877-1907). The coin has considerable lustre along with prooflike surface. The obverse shows bag abrasions because of the uncluttered mirrorlike surface. The reverse is particularly nice.

It seems that gold coins from the Carson City Mint have a mystique of their own. Not only do collectors seek to assemble a complete series, but especially try to collect just the gold coins from this mint. The double eagles are, by far, the most popular and comparatively speaking, bring far more than other denominations with lower mintages. ***The 1870'CC' double eagle is the rarest gold coin from this mint.***

Coupled with its great popularity is the condition of this extraordinary coin. Undoubtedly, the ingredients for a record bid. ***(SEE COLOR PLATE)***

454 **1870'S'** Extremely Fine, coppery toning.

Lot No. 455

455 **1871 About Uncirculated,** frosty mint lustre. Akers states, *"The 1871 is one of the rarest 'P' mint twenties."* It seldom is offered in this condition, on average, only once a year.

MINT STATE 1871'CC' DOUBLE EAGLE

Lot No. 456

456 **1871'CC' Brilliant Uncirculated,** full mint lustre and slightly prooflike. The obverse shows the inevitable bag abrasions while the reverse is virtually perfect. Undoubtedly, "The Finest Known." We cannot recall ever seeing or handling a finer example. *(SEE COLOR PLATE)*

Lot No. 457

457 **1871'S' Brilliant Uncirculated** and, as is almost always the case, the obverse received the brunt of the abrasions. The reverse nearly "perfect." Superb light orange toning. Rare in this condition.

Lot No. 458

458 **1872 Brilliant Uncirculated.** The obverse lightly bagmarked, the reverse splendid. Overall, a dazzling example of this scarce date.

Lot No. 459

459 **1872'CC' Brilliant Uncirculated.** Here again, the obverse shows bag abrasions and rubbing, and the reverse splendid. Only 26,900 were coined and most of those extant are only in VF-EF condition. This specimen is certainly high up on the list of the better known specimens. Lovely coppery orange toning. **Rare.**

Lot No. 460

460 **1872'S' Brilliant Uncirculated,** blazing mint lustre. The obverse with some bagmarking, the reverse very nice. Seldom seen in this state of preservation.

461 1873 Closed 3. Extremely Fine, the reverse really About Uncirculated. A few obverse circulation marks. By far, the rarer of the two varieties.

462 1873 Open 3. **Brilliant Uncirculated,** frosty mint lustre. Pale russet toning.

463 **1873'CC'** About Uncirculated and choice. Full frosty lustre and well struck which is unusual for the coin. **Rare.**

464 1873'S' Closed 3. About Uncirculated, rich coppery orange toning. The reverse gives the appearance of Mint State.

465 **1874 Brilliant Uncirculated**, full mint bloom. A few obverse bagmarks on the portrait. Underrated in this condition.

466 1874'CC' About Uncirculated, the obverse prooflike, the reverse frosty. A pretty coin.

467 **1874'S' Brilliant Uncirculated**, light bag abrasions. The reverse, as usual, is nicer than the obverse.

468 1875 About Uncirculated, flatly struck. Deep orange and russet toning.

Lot No. 469

469 **1875'CC' Choice Brilliant Uncirculated,** blazing lustre. A hoard coin but clearly superior to most discussed.

470 **1875'S' Brilliant Uncirculated**, lovely coppery orange toning.

471 **1876 Brilliant Uncirculated**, pale coppery russet toning.

Lot No. 472

472 **1876'CC' Brilliant Uncirculated.** A lovely example with shimmering mint lustre. Very scarce in this condition.

473 **1876'S' Brilliant Uncirculated**, better than average surfaces.

Liberty Head. Motto. "TWENTY DOLLARS."

1877 - 1907

Double eagles, because of their size and configuration (obverse unprotected, reverse with many devices to protect the surface), are prone to bagmarks and abrasions. Where there are few or many, mention will be made; otherwise, they will have the normal markings generally seen.

Lot No. 474

474 **1877 Brilliant Uncirculated,** frosty, with orange-russet toning.

475 1877'CC' About Uncirculated, considerable frosty lustre.

476 **1877'S' Brilliant Uncirculated** and very nearly in the choice category. Pale pink toning, with a few tiny copper stains.

477 **1878 Brilliant Uncirculated**, coppery iridescent toning. The abrasions are more pronounced.

Lot No. 478

478 **1878'CC' Brilliant Uncirculated,** the obverse prooflike, the reverse frosty. The scuffing on the obverse is more pronounced because of the surface. A **rare** coin.

479 **1878'S' Brilliant Uncirculated**, a rub on the cheek.

480 **1879 Brilliant Uncirculated**, frosty mint bloom. The obverse bagmarked.

MINT STATE 1879'O' DOUBLE EAGLE

Lot No. 481

481 **1879'O' Brilliant Uncirculated,** prooflike surface with some mint frost. An exceptionally attractive example of this rarity. Only few are known in Mint State, and perhaps only the Akers' plate coin is better than this specimen. *(SEE COLOR PLATE)*

482 1879'CC' Extremely Fine, frosty and prooflike. Only 10,708 were struck.

483 **1879'S' Brilliant Uncirculated**, frosty.

484 **1880 Brilliant Uncirculated**. Lovely pink toning.

485 1880'S' About Uncirculated, prooflike surface.

VERY RARE 1881 DOUBLE EAGLE

Lot No. 486

486 **1881 About Uncirculated,** frosty and prooflike surface (which is to be expected since only 2,200 were coined for circulation). The bagmarks are magnified by this type of surface. There were only four appearances in this condition over the past dozen or so years. A sparkling example of this rarity. Certainly this coin ranks high in the Condition Census. *(SEE COLOR PLATE)*

487 **1881'S' Brilliant Uncirculated**, frosty lustre. Light coppery toning.

VERY RARE 1882 PROOF DOUBLE EAGLE

Lot No. 488

488 **1882 Brilliant Proof.** *59 specimens struck.* A **choice**, glittering, two-tone example of this great rarity. The date as a Proof is very rare, but coupled with the fact that only 630 were coined, including Proofs, creates a greater demand than the Proof alone would dictate. An idea of its rarity can be drawn from the compilation of those offered at auction in the past 13 years. There were only 13 specimens sold in **all** conditions, Extremely Fine to Proof. *(SEE COLOR PLATE)*

Lot No. 489

489 **1882'CC' Brilliant Uncirculated,** frosty mint bloom. A better than average example of the date.

490 **1882'S' Brilliant Uncirculated,** coppery russet toning.

EXTREMELY RARE

1883 PROOF DOUBLE EAGLE

Lot No. 491

491 **1883 Brilliant Proof.** *92 specimens struck.* A **choice**, glittering, two-tone example, nearly in the gem category.

Controversy exists as to how many specimens actually reached the market. Research has shown that 92 were coined instead of the 40 that for years was thought to have been struck. However, frequency of appearance is really the determining factor of how many were distributed. In the past 13 years, country-wide, only 9 specimens were sold (5 by us). ***Truly, one of the outstanding rarities in this or any other gold series.*** ***(SEE COLOR PLATE)***

492 **1883'CC'** About Uncirculated, full frosty mint lustre. Pale coppery toning.

Lot No. 493

493 **1883'S' Choice Brilliant Uncirculated.** An exceptional specimen, prooflike and satiny. Superb orange and iridescent toning.

EXTREMELY RARE

1884 PROOF DOUBLE EAGLE

Lot No. 494

494 **1884 Brilliant Proof.** *71 specimens struck.* A **choice** example with a two-tone appearance. ***One of the great gold rarities*** which usually is compared favorably with the 1883; however, there is really no question that this is the rarer of the two in spite of the fact that a similar amount reached the market in the past 13 years. (Here again, five of those offered were by Stack's). Easily worth a bid in the mid-five figure range. ***(SEE COLOR PLATE)***

495 **1884'CC' Brilliant Uncirculated**, frosty lustre. Coppery orange toning.

496 **1884'S' Brilliant Uncirculated**, orange toning.

EXTREMELY RARE

1885 PROOF DOUBLE EAGLE

Lot No. 497

497 **1885 Brilliant Proof.** *78 specimens struck.* A splendid example with natural light cloudy toning. A few minuscule hairlines. Exquisite orange-russet toning over a fully two-tone effect. In great demand as a Proof as well as a date because only 750 were struck for circulation. ***(SEE COLOR PLATE)***

Lot No. 498

498 **1885'CC' Choice About Uncirculated,** frosty mint lustre. Very scarce as only 9,450 were struck.

499 **1885'S' Brilliant Uncirculated,** frosty and satiny. Coppery toning.

EXTREMELY RARE

1886 PROOF DOUBLE EAGLE

Lot No. 500

500 **1886 Brilliant Proof.** *106 specimens struck.* A lovely coin but lightly polished years ago (perhaps the work of Dr. Goddard who attempted to make all of his coins uniform in appearance, ca.1940). It has acquired lovely cloudy russet toning. Still a rarity from any point of view. ***(SEE COLOR PLATE)***

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

EXTREMELY RARE

1887 PROOF DOUBLE EAGLE

Lot No. 501

501 **1887 Brilliant Proof.** *121 specimens struck.* A magnificent specimen, fully two-tone. Rich coppery orange with natural cloudy toning. Three small copper stains, one behind the ear and two on the reverse, serve to identify it and keep its pedigree intact. A "Proof-only" example, like the 1883 and 1884. ***One of the classics of the Liberty head series. (SEE COLOR PLATE)***

Ex Lester Merkin Sale, lot 449, September 1967: James Dines Collection (Stack's), lot 927, March 1969; Winner Delp Collection (Stack's), lot 818, November 1972.

502 **1887'S' Brilliant Uncirculated.** The obverse bagmarked, the reverse excellent.

503 **1888 Brilliant Uncirculated**, russet toning.

504 **1888'S' Brilliant Uncirculated** and above average.

505 **1889 Brilliant Uncirculated**, fully lustrous, usual bagmarking. Russet-orange toning. A very scarce date.

506 **1889'CC' Brilliant Uncirculated**, frosty mint bloom, orange toning. Light copper stains.

507 **1889'S' Choice Brilliant Uncirculated**, satiny and slightly prooflike. Superb coppery iridescent toning.
